That's your excuse? Get a job, dude!

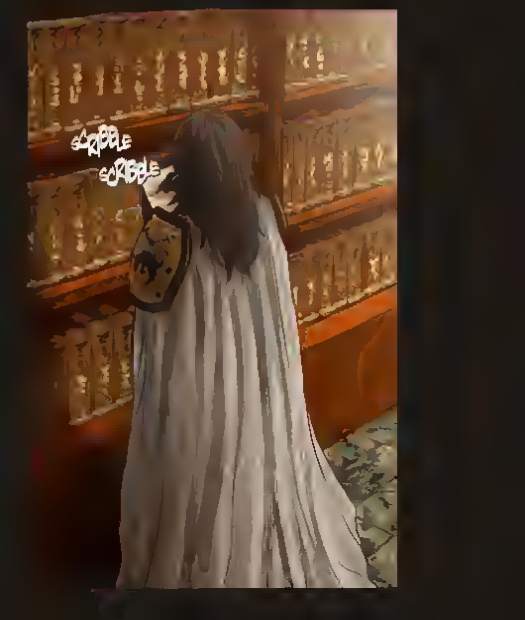

Where did you get these from? It looks like you do more than just pick pockets

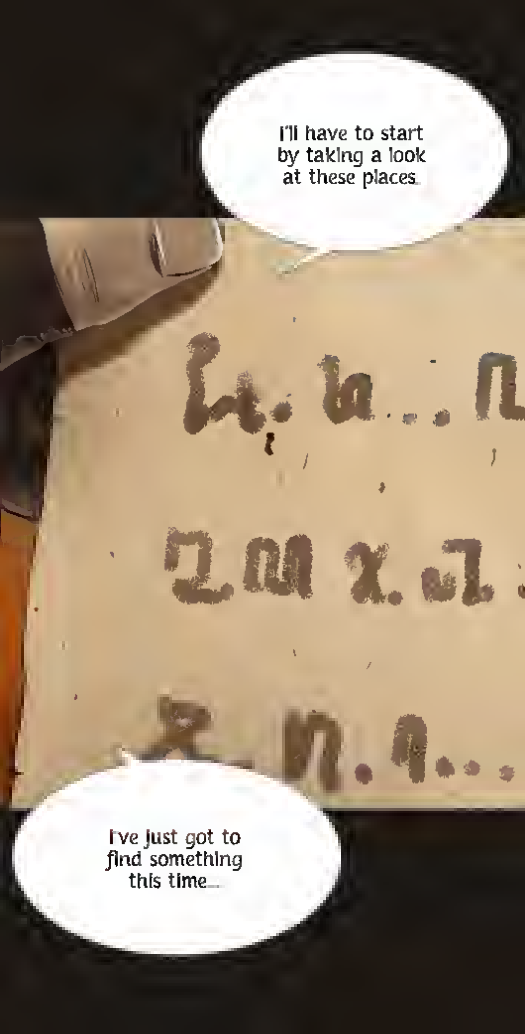

Let's see if there's anything good in here! Hehe.

Hmm...
There's definitely a limit to what you can learn from books.

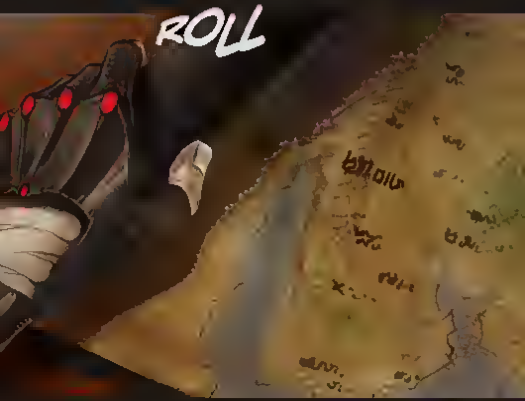

Especially when the books are so vague...

I've just got to find something this time...

Then again... For an immortal like me, I wonder if it really matters how fast I'll find it

What is she? She can even read from ancient runes?
This is exactly what Cedermask was talking for!
Well... She's a self-proclaimed genius. Self-proclaimed!

You bought a lot of things
I'm hungry.

You were robbed?

But we went to their hideout and taught them a lesson instead
Hehe.

Is that so?
I was hoping you guys weren't causing any trouble...

SIR
SIR

Inverness? That's a good sign!

What does it say?
It's about

It's about an ancient town of immortals. I'll read it to you

Kantera, in the year 53
Before a proper country had been formed.

There was a small village on the outskirts of a mountain.

One day, a magician came, taught them the spell of immortality and then left.

To use that spell, they needed a human sacrifice. But they could not sacrifice someone from their own village, so they invaded another town and used its people as sacrifice.

Having tasted immortality, they continued to attack other villages for their own gain.

The remaining near by villages, united their forces against them and destroyed the immortal village

The conquerors of the village started to investigate it .

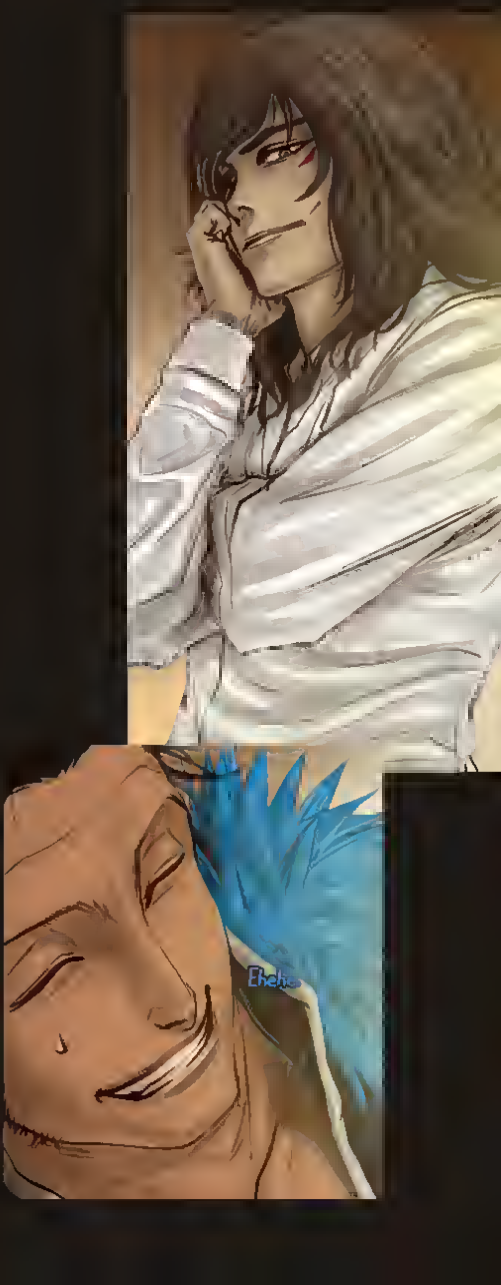

And within...
Eh, eh?

I think this tablet is just one of many.
The story ends here.

That's good enough. I think I know what comes after.
CRREAK
Hmm...

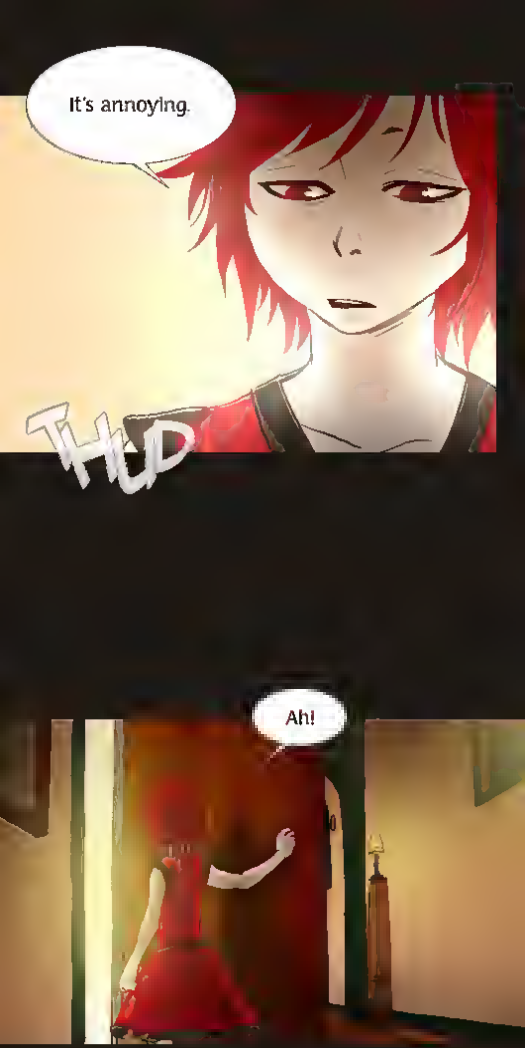

A lot has happened today.
It's getting late, so we should get some sleep! You guys must be tired too

You used the sword?

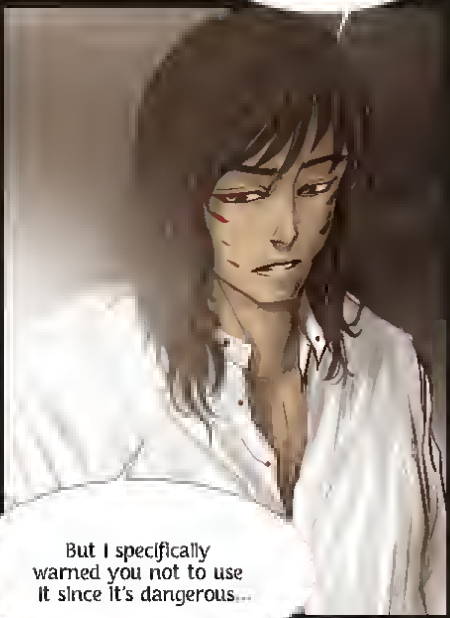

Yeah, it was really crazy. There were thunderbolts everywhere...

Well, it made it easy for us to trash the thieves' hideout

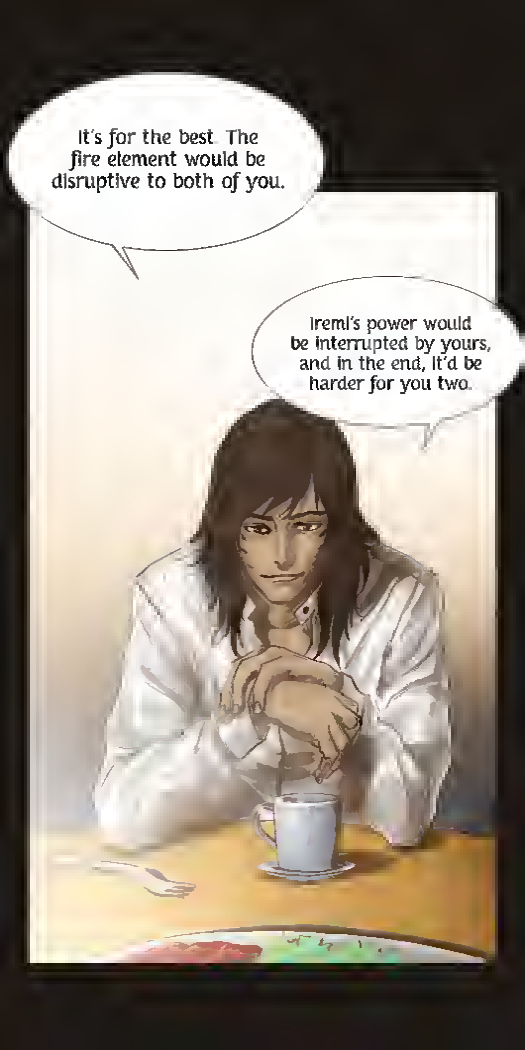

Hmm...
GLARE
OOPS!
Ah, um...
That's... so... Eh...

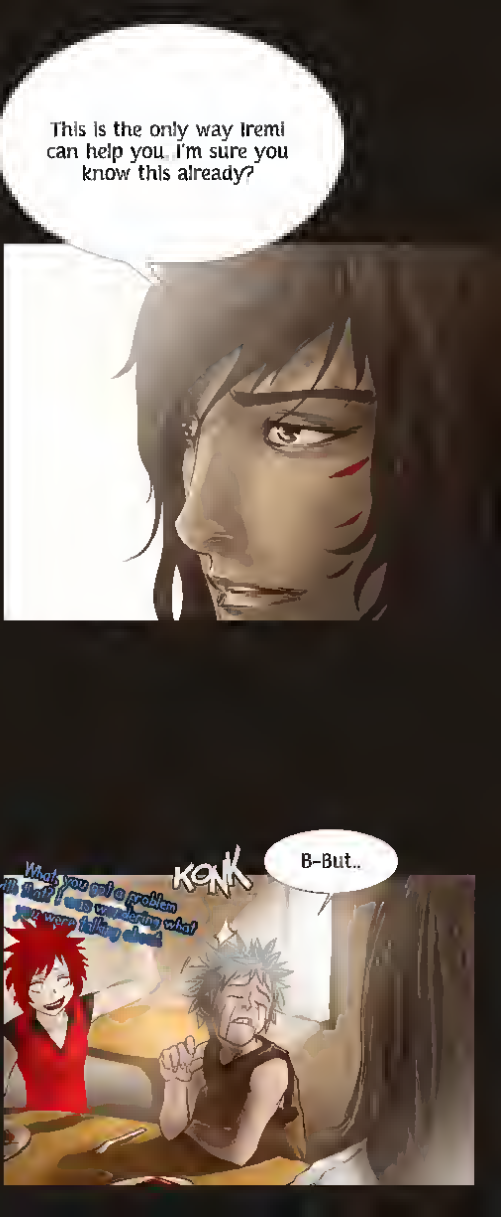

It's good that you didn't get hurt...
But I specifically warned you not to use it since it's dangerous...
You're lucky Iremi was with you.

Haha, see? Even needs me at his side at all times.

Ajussi, why didn't you put fire element in my sword?
WHISPER

Ughrugh! I'll never beat Iremi like this
SNIFF

It's for the best. The fire element would be disruptive to both of you.
Iremi's power would be interrupted by yours, and in the end, it'd be harder for you two.

This is the only way Iremi can help you. I'm sure you know this already?
KONK
B-But..
What, you got a problem with that? I was wondering what you were talking about.

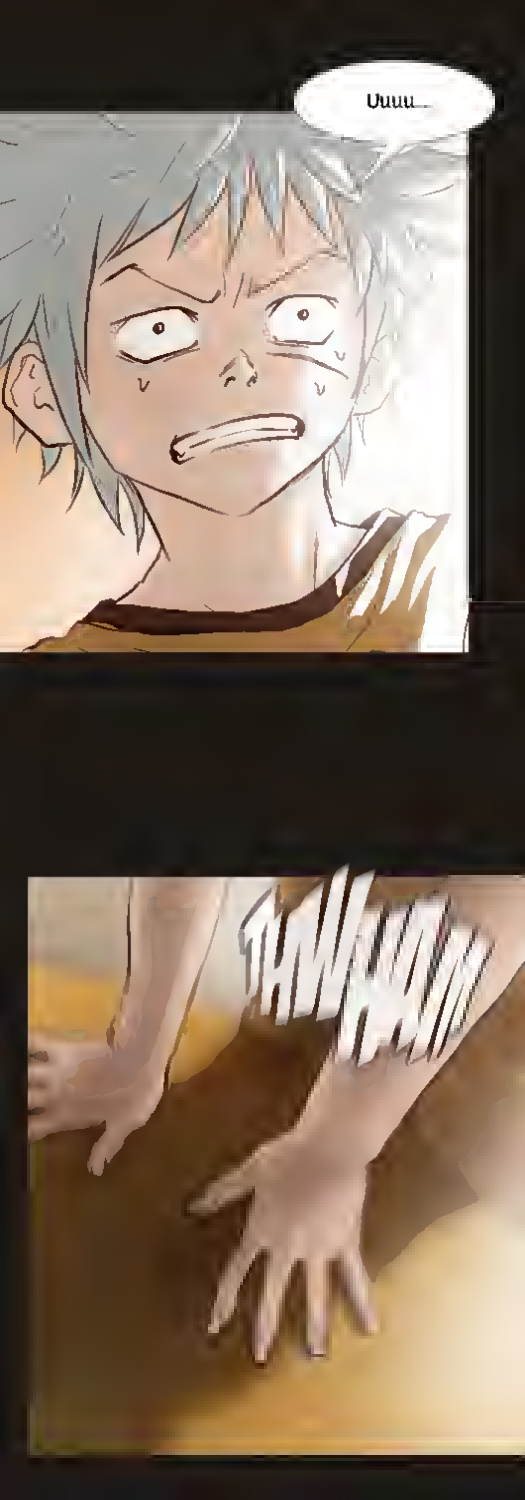

Besides, there aren't any fire element magicians around here on my level.
There's no need to endanger yourself to obtain a power that's unnecessary.

!!
Ah...The guy we meet in your village may have been on my level...

DON'T EVER MENTION THAT...
Grr!
HEHEHE

W- What?

You think you can defeat that man by using the same element? The way you are right now, you'll just end up chasing his shadow.

THEN HURRY UP AND TEACH ME HOW TO USE MY POWER!!

TCH!

I'LL KILL HIM!
It's okay
Leave him alone

He needs some motivation right now.

And when you get your hands on something new, it's only natural to want to try it out right away

The way your power manifests itself, is a direct reflection of the state of your mind

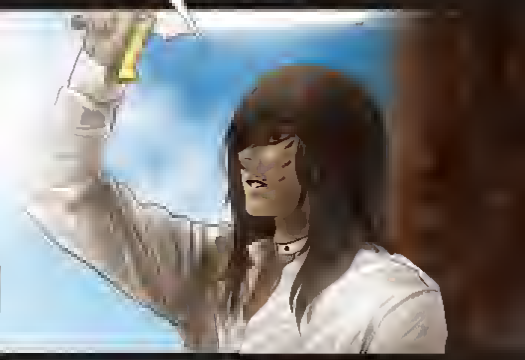

That awkward shape reveals your state right now.

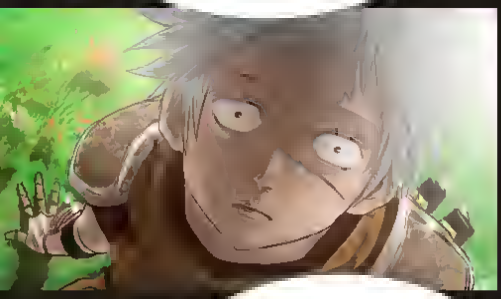

If you want to focus your power on a single point, concentrate on one thing only.

Thinking about two things will divide the light in two, and the excess energy will only tire you out.

It's probably your true nature coming out.

EPISODE 9 - THE CLASH (1)

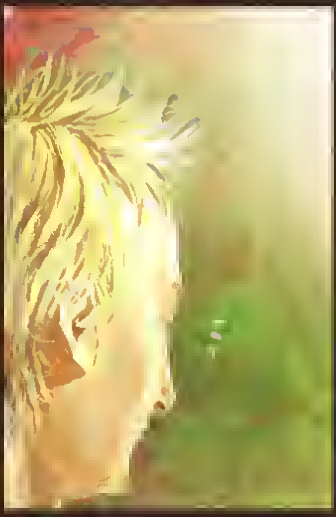

SPLAT

Hmm...

My lord

Ah! You
came.

Ethan, what do you think of my painting?

Isn't it good enough to be in an art gallery?

SWEAT
.....
HAHAHA, DID I MAKE YOU UNCOMFORT-ABLE?
PAT

I've known for a long time that I've no artistic talent

But talent and enjoyment are two different things, don't you think? Painting is one of my few hobbies. If I couldn't do this, I'd go mad from the stress

And who knows? Maybe my art will be worth a fortune someday!
How about you find yourself a hobby too?

Things that are rigid might break at somepoint. You need to relax a little.

I heard most of what happened while I was away from the palace.

So,
How was Edermask?

Did he meet our expectations?

That man has also begun to focus on Edermask
You may go now.
Yes, your majesty.

TAP

There's something
I always think about
when I come here

How I can break free of Janus's grasp... How I can rid myself of that man...

My father wasn't able to do it.

In the past 300 years, there have been 13 different kings.

Even the greatest kings in history only tasted glory at the hands of Janus.
In this period, the kings of Teodore are merely puppets.

His slightest actions affect the country.

Even when the country was in a state of confusion, he obsessively concentrated all our forces on finding him

300 years ago, he was the hero who saved the country from Edermask but now he's nothing but a dog chasing his shadow.

This is our chance. Now, when the country is stable we take down Janus, and we seize control of the land

Perhaps it was fortunate for me that Edermask showed himself at a time like this.

But for now, Janus is still stronger. Distract him as much as you can. This may be our one and only chance.

We must not fail.

.....

We're betting our lives on this chance.

Edermask will reach
the mainland soon.

I'll go meet him again
RAISE

The day Janus is caught...
My king will truly rule over the land of Kantera

CHATTER
CHATTER
CREAK

Wow! Look at all these people! There's no end to them!
This is the entryway to the land of Kantera.

The other places can't even compete with the mainland.

So busy.

That's because Zenia here is a trading hub. People flock here because of it.

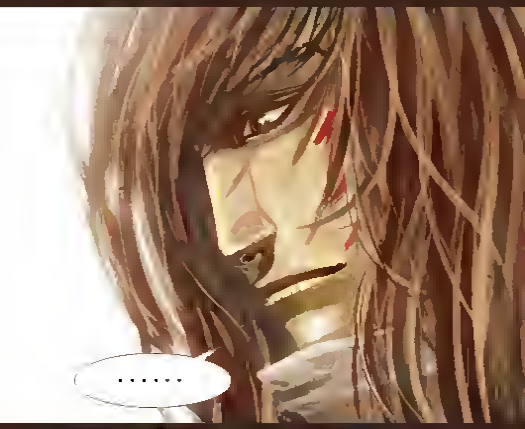

Ajussi, you look really happy?
HAHAHA! OF COURSE! THIS IS MY HOME TURF.

I'll take you somewhere good soon
I feel bad about what I did to you
Somewhere good?

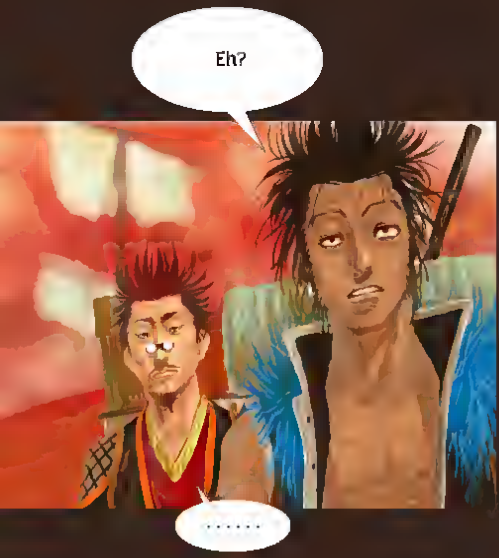

MUMBLE
MOVE!
What?
Don't push!
MUMBLE

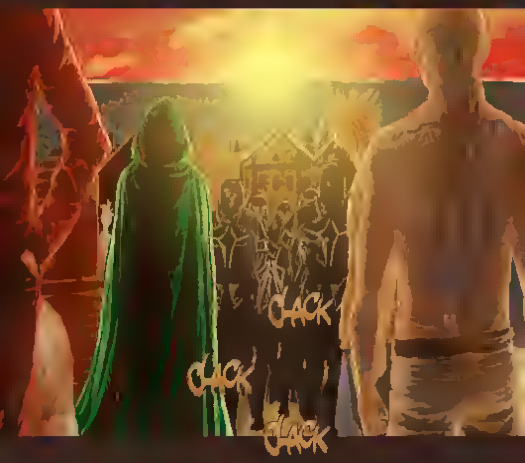

Eh? It's really noisy over there.

MOVE OUT OF THE WAY!
It's the army.
WHAT? WHY'S THE ARMY HERE?
THEY USUALLY DON'T INTERFERE WITH WHAT GOES ON AT THE PORT!

.....

Let's get out of here.
FLAP

We can only hope that Nelphini's able to hold those kids off for as long as possible

What incredible speed. They're coming at me so fast that I can't cast any real spells.

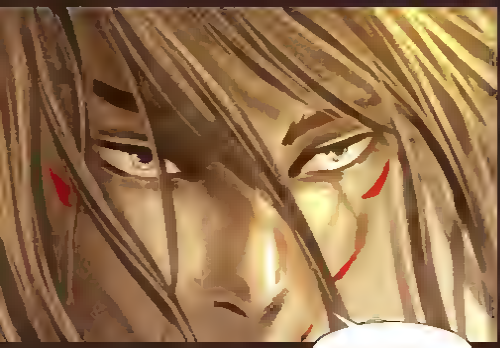

They fight good. Just any random spell won't be enough to kill them. How bothersome...

I can't get any farther away because of Enzu and Iremi.
